## RONI PISTOL CARBINE CONVERSION

Transforming the Pistol to a mini Carbine provides you a better grip, stability and platform to many accessories.

Now you can use your pistol for a greater range, faster aiming, better accuracy.

**Enhance the user's performance**

## AK UPGRADING PRINCIPLES

- Identify the rifles – origin and make
- Inspect parts to be replaced
- Replacement of faulty parts – We will provide spare parts.
- Assembly of upgrade accessories
- Inspection, Test and sign-off
- Disqualified guns to be replaced with new, upgraded guns.

## **AK UPGRADING - CONSIDERATIONS**

- **AK Make– Country of Manufacture**
- **AK Type – Configuration (Fixed or Folding Buttstock)**
- **Upgrade Configuration – Polymer, Premium, Sharpshooter**
- **Additional Accessories – Optics, Laser, Light, etc.**

# THE AK ALFA

## BRIEF

The AK Alfa is a revolutionary approach to weapons upgrades. A handpicked team of snipers and engineers from the special forces designed the ALFA, to allow the shooter to maximize his shooting abilities, with the most reliable weapon on the planet, using the “engine” of the AK, and the “body” is the apex of technology.

# MH1 REFLEX SIGHT

**PRECISION**

**RUGGED**

## THE MH1 REFLEX SIGHT

### Why use a reflex sight?

- Faster Shooting using 1 aiming point and not 2 iron sights (rear & front)
- Simplifies the act of shooting.

### BRIEF

Used by Most modern armed forces around.

MH1 - Reduce reaction time & increase accuracy.

MH1 – Best fighter friendly reflex sight on the market today

Many unique functions that allow the shooter to maximize performance to the highest level.

# AMMO
